

FLX-SAND 4PLY HD

**4-PLY SANDBLAST HOSE 10 Bar W.P.
5/16" tube thickness.**

Application	Used in conveying sand, shot, glass beads and other abrasive materials at high velocity for cleaning metal, concrete surfaces at shipyards and general construction.
Tube	Black, smooth, static-dissipating NR/SBR rubber compound. 5/16" tube thickness increases life cycle of the product.
Reinforcement Cover	High strength 4 synthetic plies. Wrapped impression, abrasion and weather resistant, static-dissipating, pin-pricked, NR/SBR rubber compound.
Temp. Range	-40°C to +85°C ; -40°F to 185°F

ID		OD		WP		BP		W	L
inch	mm	mm	inch	BAR	PSI	BAR	PSI	gr/mt	mt
1"	25.4	47.6	1.88	10	150	30	450	1510	61
1 1/4"	32	54.7	2.16	10	150	30	450	1892	61
1 1/2"	38	60.3	2.38	10	150	30	450	2020	61

Abrasion loss value of the tube $\leq 50 \text{ mm}^3$ (according to DIN ISO 4649:2006)
